

Day 1. 6월19일 (금) · G층 Cruise Grand Ballroom

| | | |
|-------------|--|--|
| 12:30-13:00 | Registration | |
| 13:00-13:50 | Introduction of New Devices from Companies | 정준호(에스포항병원), 박석규(연세대) |
| 13:50-13:55 | Opening remark | 박석규(대한뇌혈관내치료의학회 회장) |
| 13:55-14:00 | 축하 인사말 | 정해웅(대한신경중재치료의학회 회장) |
| 14:00-15:10 | Free Paper I. Complication Case (Sharing Painful Memory for Improvement) | 장철훈(영남대), 김성림(가톨릭대) |
| 14:00-14:10 | Pontine perforator infarction followed by delayed subarachnoid hemorrhage in a patient with severe basilar artery stenosis along with a basilar tip aneurysm after percutaneous transluminal angioplasty and stenting and WEB deployment | 소형민(가톨릭대) |
| 14:10-14:20 | When one more stent was not just one more stent: Painful lesson in ruptured ICA blister aneurysm | 한건희(한양대) |
| 14:20-14:30 | When treatment creates a lesion: Endovascular repair of procedure-related intracranial aneurysmal injuries | 김영수(에스포항병원) |
| 14:30-14:40 | Balloon-assisted bailout technique for the rescue of stretched coils: A novel safe retrieval method | 윤별희(을지대) |
| 14:40-14:50 | A rescue treatment to release a deployed proximally twisted flow diverter via a contralateral vertebral artery approach | 반승필(서울대) |
| 14:50-15:00 | Rescue microcatheter aspiration of intra-aneurysmal air entrapment during stent-assisted coil embolization | 김영우(가톨릭대) |
| 15:00-15:10 | Direct carotid cavernous fistula treated with intrasaccular WEB embolization and delayed flow diversion | 진성철(인제대) |
| 15:10-15:30 | Coffee Break | |
| 15:30-17:00 | Symposium I : How We Do It | 권순찬(울산대), 강현승(서울대) |
| 15:30-15:55 | How We Treat Intracranial Aneurysms in Thailand: Practical Strategies and Clinical Experience | Kittipong Riabroi (Prince of Songkla University, Thailand) |
| 15:55-16:20 | Acute Ischemic Stroke: Evolution of the Endovascular Revascularization Program and How We Do It in Singapore | Anil Gopinathan (National University Hospital, Singapore) |
| 16:20-16:45 | Mechanical Thrombectomy: From Zero to Program – How I Do It | Affan Priyambodo (Universitas Indonesia, Indonesia) |
| 16:45-17:00 | How I Do It: Double Stentriever Technique for Complex Thrombectomy Cases | Mario Galdamez (Hospital Clinico Universitario, Spain) |
| 17:00-17:40 | Special Lecture | 박석규(대한뇌혈관내치료의학회 회장) |
| 17:00-17:40 | 인생은 마라톤이다 | 이봉주 선수 |
| 17:40-18:00 | General Assembly & Photo Time | 신동성(대한뇌혈관내치료의학회 총무이사) |
| 18:00-20:30 | Banquet & Award Ceremony | 박석규(대한뇌혈관내치료의학회 회장) |

Day 2. 6월20일 (토) · G층 Cruise Grand Ballroom

| | | |
|-------------|---|--|
| 07:00-09:30 | 이봉주 선수와 함께하는 러닝 "Bonjour ASCENT" | 박석규(대한뇌혈관내치료의학회 회장) 신동성(대한뇌혈관내치료의학회 총무이사) |
| 10:30-11:40 | Free Paper II. 'My first case' from Young Gun | 김대원(원광대), 진성철(인제대) |
| 10:30-10:40 | Flow diversion in the setting of ruptured PCA dissection: Controversial but necessary? | 구자호(이화여대) |
| 10:40-10:50 | Venous stenting for cerebral venous sinus stenosis followed by sequential endovascular treatment of dural AVF: A case report | 이승윤(가톨릭대) |
| 10:50-11:00 | Cavernous sinus dural fistulae treated by transvenous approach through the facial vein | 정유환(차의대) |
| 11:00-11:10 | Successful coil embolization of PICA aneurysm after OA-PICA anastomosis in SAH patient | 노승진(동래봉생병원) |
| 11:10-11:20 | Technical strategies for challenging WEB embolization: Two illustrative cases | 석진후(이화여대) |
| 11:20-11:30 | Spinal dural arteriovenous fistulas with hemorrhagic presentation: Angioarchitecture-guided staged endovascular embolization in two cases | 오솔희(가톨릭대) |
| 11:30-11:40 | Endovascular rescue using a covered stent for internal carotid artery injury during endoscopic transorbital skull base surgery | 정규선(연세대) |
| 11:40-13:30 | Luncheon Symposium | 임용철(아주대), 김영우(가톨릭대) |
| 11:40-11:50 | Lunch Distribution | |
| 11:50-12:20 | Caught in the WEB: The Awkward Teenage Years of Intrasaccular Flow Disruption | Hamed Asadi (Austin Hospital, Australia) |
| 12:20-12:50 | Silk Vista & Silk Vista Baby: the FIRST study results | Mario Galdamez (Hospital Clinico Universitario, Spain) |
| 12:50-13:20 | Artisse: A New Era of Intrasaccular Flow Disruption | Markus Möhlenbruch (Heidelberg University Hospital, Germany) |
| 13:20-13:30 | Q & A | |
| 13:30-14:30 | Free Paper III. Debate session | 신승훈(차의과대학), 하성곤(고려대) |
| 13:30-13:42 | Role of vessel wall imaging in therapeutic decision-making for ruptured basilar artery trunk dissection with an enlarging pseudoaneurysm | 권민용(계명대) |
| 13:42-13:54 | Coil versus particle embolization strategy in middle meningeal artery embolization for chronic subdural hematoma | 김재호(조선대) |
| 13:54-14:06 | Timing of transition to intra-arterial Alteplase in thrombectomy-refractory stroke: Procedural timing and reperfusion quality | 김경식(인제대) |
| 14:06-14:18 | Coil embolization for ruptured partially thrombosed giant aneurysms: Report of two cases | 정은오(충남대) |
| 14:18-14:30 | Is rescue stenting helpful when a stenotic lesion remains despite achieving recanalization via mechanical thrombectomy? | 최재민(가톨릭대) |
| 14:30-15:42 | Contrast-induced encephalopathy followed by intracranial hemorrhage after stent-assisted coil embolization of an unruptured intracranial aneurysm | 남지원(울산대) |
| 15:42-15:50 | Award Ceremony & Closing remark | 박석규(대한뇌혈관내치료의학회 회장) |

KoNES 방사선사/간호사 연수교육-6월20일 (토) · 1층 Ballroom

| | | |
|-------------|--|---------------------|
| 10:30-10:40 | Registration | |
| | Opening remark | 박석규(대한뇌혈관내치료의학회 회장) |
| 10:40-11:30 | Session I. Update: Medications & Devices | 김명진(가천대) |
| 10:40-11:00 | Aneurysm Intervention 2026: New Devices and Prophylaxis | 한현진(연세대) |
| 11:00-11:05 | Q & A | |
| 11:05-11:25 | Best Preventive Medication and Management after Mechanical Thrombectomy | 진선탁(에스포항병원) |
| 11:25-11:30 | Q & A | |
| 11:30-11:40 | Coffee Break | |
| 11:40-12:40 | Session II. Access & Vascular Complications | 심유식(인하대) |
| 11:40-11:50 | Lunch Distribution | |
| 11:50-12:10 | Femoral Vascular Closure Devices After Catheterization Procedure: Type and Mechanism | 장경민(중앙대) |
| 12:10-12:15 | Q & A | |
| 12:15-12:35 | Access Site Complications: Recognition and Management | 조동영(이화여대) |
| 12:35-12:40 | Q & A | |
| 12:40-13:30 | 방사선사 세션 | |
| 12:40-13:30 | 연구논문작성법 | 허영철(을지대) |
